Profile Summary

Senior Frontend Engineer with **8+ years of experience** building **scalable, high-performance web applications** using **React, TypeScript, and modern frontend architectures**. Strong expertise in **component-based design, state management, performance optimization, and frontend testing**, with proven experience collaborating with **designers, backend engineers, and product teams** to deliver **maintainable, user-centric interfaces** in **Agile environments**, while **mentoring developers** and contributing to **shared frontend standards**.

Professional Experience

Emirates National Bank, Dubai, UAE Feb 2022 – Present

Senior Frontend Developer

- Led the migration from a **monolithic frontend to a micro-frontend architecture**, enabling independent deployments across Credit Card, Account Opening, and Wealth modules.
- Developed **React and TypeScript applications** using clean component architecture with **Redux/NgRx** for complex user journeys.
- Built **shared frontend libraries and design-system components**, ensuring UI consistency across multiple enterprise platforms.
- Developed **GraphQL-powered, real-time dashboards** for Global & Local Equities, Mutual Funds, Bonds, and Physical Gold.
- Integrated **REST and GraphQL APIs**, managing asynchronous data flows and complex UI state.
- Improved performance using **code splitting, lazy loading, and memoization**, enhancing load time and responsiveness.
- Strengthened code quality through **Jest and Playwright testing**, code reviews, and Agile collaboration.

Onlinist FZE, Dubai, UAE March 2021 - Feb 2022

Senior Full Stack Developer

- Designed and developed **enterprise systems** including **CRM, ERP, Accounting, and Community Management platforms** for large-scale business operations.
- Architected **scalable React-based frontend applications** with a strong focus on maintainability and modular design.
- Built **reusable UI components and dashboards** supporting multiple user roles and complex workflows.
- Integrated frontend applications with **regulatory systems (ISKAAN, RERA, Mollak)** and **custom payment gateways**.
- Implemented **Progressive Web App (PWA)** features and **ID-based visitor tracking** to improve accessibility and security.
- Optimized application performance, reducing response times by **~30%** while maintaining **99.9% uptime**.

Inox Arabia, Dubai, UAE Feb 2020 – Mar 2021

Full Stack Developer

- Developed **modern React-based frontend applications** using **TypeScript and Redux**, following clean and maintainable component architecture.
- implemented **GraphQL-powered dashboards** to improve data visualization.
- Built **reusable UI components and layouts** aligned with internal design systems to ensure consistency and scalability.
- Integrated **REST and GraphQL APIs**, handling asynchronous data flows.
- Collaborated closely with **backend engineers** to integrate **RESTful APIs** and manage asynchronous data flows.
- Improved frontend **build, testing, and deployment workflows** using **CI/CD pipelines**, increasing delivery reliability.
- Enhanced application **performance** through optimized state management and rendering strategies.

Solutions Player, Islamabad, Pakistan Jan 2018 – Dec 2019

Frontend Developer

- Developed **web applications for accounting, POS, and e-commerce platforms** using using PHP (Laravel), Node.js, and React js
- Developed a **global shipping system** for seamless cross-border logistics.
- Integrated third-party **payment gateways** (Braintree, Stripe) for secure transactions.
- Utilized **Firebase** for r**eal-time notifications**, enhancing customer engagement.
- Optimized frontend performance and ensured **cross-browser compatibility** across devices and environments.

Technical Skills

- **AI & Workflow Automation Tools:** GitHub Copilot, Claude code, ChatGPT, Microsoft Copilot.
- **Programming Languages:** TypeScript, JavaScript (ES6+), HTML, CSS.
- **Frameworks & Libraries:** React, Angular, Vue.js, Node.js, Express.js, RxJS, TailwindCSS, Chart.js, Responsive Design.
- **Architecture & Design:** Component-based architecture, Modular architecture, Microservices, Clean Architecture, API-first design, Design systems, Module Federation, Monorepo Architecture.
- **Data Technologies:** MongoDB, Redis, SQL databases
- **Tools & Platforms:** GitHub, GitLab, Bitbucket, Docker, Jenkins, Jira, Confluence, Postman, Figma
- **Testing, QA & Methodologies:** Unit Testing, Integration Testing, End-to-End Testing, Jest, Jasmine, Karma, Playwright, TDD, Agile (Scrum, Kanban), CI/CD
- **Soft Skills:** Technical mentorship, Code reviews, Cross-functional collaboration, Agile delivery, Stakeholder communication

Recent Projects

- **Emirates NBD – Digital Account Opening**
  Frontend: React, TypeScript, Redux, Form Validation, REST APIs
  Developed responsive onboarding journeys, form-driven UI, and validation flows for high-volume customer onboarding.
- **Emirates NBD – Digital Wealth Platform**
  Frontend: React, TypeScript, Angular, NgRx, Data Visualization, MicroFrontend, Shared Libraries.
  Built scalable UI components and dashboards supporting **Global & Local Equities, Bonds, Physical Gold, and Mutual Funds**, including portfolio views and real-time data updates.
- **Emirates NBD – Credit Card & Fixed Deposit Modules**
  Frontend: React, TypeScript, State Management
  Implemented customer-facing interfaces for credit card onboarding, fixed deposit creation, and account summaries.
- **ISKAAN (RERA) Compliance Platform**
  Frontend: React, JavaScript, Role-Based UI, REST Integration
  Developed regulatory dashboards and workflows integrated with **ISKAAN** for real estate compliance and payment validation.
- **Enterprise CMS & Compliance Platforms**
  Frontend: React, JavaScript, Role-Based Access, Dashboard UI
  Delivered role-based dashboards and content workflows for internal operations and regulatory users.

Education

- **Bachelors in Software Engineering, Comsats University Islamabad - Pakistan**

Languages

- **English: Full Professional Proficiency**
- **Urdu: Native**
- **German: A1 (Basic Knowledge)**
